**DEAR RECRUITING TEAM,**

please take some time to review my competencies:

- I have an HND power and control.
- I have a mechatronics trade certificate with Nigerian Breweries Plc, a Heineken Subsidiary. (1yr)
- I have provable knowledge of Siemens simatic S7 300 PLC, profibus communication network, frequency converters(Siemens Danfoss & micromaster), HMI and SCADA. (configuration, programming, commissioning and maintenance)
- I have Designed and implement motion control system installations i.e. direct online, star delta, frequency converters (Siemens Danfoss & micro master).
- I have provable knowledge of control systems from hydraulic, pneumatic, electropneumatics with Good knowledge of FESTO fluidsim software.
- I know Piping and instrumentation diagrams.
- I have worked in the execution of small and large scale electrical, mechanical and civil related projects, as a teamplayer and also project leader.(5yrs and more).
- I am a certified QHSE practitioner with level 3 certification, in FIRE FIGHTING, FIRST AID, WORKPLACE AND ENVIRONMENT SAFETY.
- Practical knowledge of different levels of maintenance i.e preventive, corrective, reactive and condition monitoring maintenance.
- I have experience in entrepreneurship and customer service.
- I was an apprentice to a roadside electrician for 8yrs(started while i was in secondary school 2007).
- Good knowledge of Microsoft office tools.
- I currently work with ABinBEV under INTERNATIONAL BREWERIES PLC, performing packaging functions.

I look forward to a fair review and opportunity to prove my claims in either a practical or oral interview.

I look forward to pleasant feedback as I know you love people who are proactive with a 100% mindset and take ownership.

You will see from my enclosed resume that I meet all of these qualifications and more.

sincerely

IZEKOR LUCKY OSAS.
